

The Radical is an affordable and versatile remote arm. It is designed to enable dynamic camera movement.

A variety of vehicles can be used to mount it, including cars, trucks, buggies and boats.

At speeds of over 90 mph/145 km/h, its 12-foot-long arm can swing a full 360° in less than six seconds.

With a payload capacity of up to 35 lbs (16 kg), it is compatible with a wide range of existing gimbals.
